

WELCOME TO JOSHWORKS

JoshWorks is a graphic design studio based in Iloilo City, Philippines. With around seven years of design experience and a small team of specialists across branding, illustration, layout, motion, and web, we help businesses, schools, organizations, and creatives build clear, memorable visual identities.

WHAT WE DO

Branding & visual identity, social media management, merchandise design, motion graphics, event & publication campaigns, yearbook & publication layout, and design training.

OUR GOAL

To deliver professional, original, human-made design that genuinely represents you. We treat every project as a partnership — we listen first, then craft. We use modern tools, including AI, only to support our process, never to replace the human creativity and craft at the heart of every project.

This Agreement Covers: Design for apparel, accessories, and event merchandise — shirts, jackets, tote bags, mugs, IDs, stickers, and more, priced per item.

OUR PROCESS — PROJECT PHASES

Here is how we will work together from start to finish. Each phase keeps the project clear, on track, and easy to follow.

PHASE1	Selection & Brief You tick the merch you need and describe the design intent, theme, and any text or logos.
PHASE2	Concept We draft initial concepts for each selected item.
PHASE3	Design & Revision We design the publication materials, flyers, newsletter, and frames in your package.
PHASE4	Print-Ready Handoff We deliver final print-ready files, plus mockups or editable source files if added on.
